## The Iridium 9555 – docking-stations

ASE docking stations enhance and protect the Iridium 9555 handset through intelligent software and hardware management. The DK075 extends the reach by integrating the POTS (Plain Old Telephone Service) trunk for connection to a PBX, standard analog phone, or wireless base-station with multiple handsets.

Intelligent features include advanced tone management to provide the operator with system status and “smart dialing”, which eliminates confusion when country code variations are involved. Other intelligent hardware and software features include power on and power down management and USB connection for data transfers.

ASE docking stations support live docking and undocking with bright illuminated status icons to show calling progress, satellites in view, and data transmissions. ASE docking stations provide a secure locking mechanism and protect the Iridium 9555, yet the phone can be removed almost instantly for situations that require “grab-and-go” scenarios.

Product number	Description	CHF excl VAT
IR-01-DK075-BNDL	<b>Iridium 9555 Docking Station 75 w/Handset Kit</b> Rugged and secure locking restraint secures 9555 in cradle in any environment. Swivel Mount takes up a small footprint. Includes Enhanced Smart Dial, Status Indicators, Simple installation, USB Data Connection. Includes Pots-RJ11 Interface, ASE-MNT01 (Intelligent Handset, Swivel Ram Mount), USB interface, AC power cable with AC/DC transformer and wall plug, DC power cable for cig lighter, and User Manual on CD	3230.00
IR-01-DK075	<b>Iridium 9555 Docking Station 75</b> Idem 75 without handset Pots-RJ11 Interface, USB interface, AC power cable with AC/DC transformer and wall plug, DC power cable for cig lighter, and User Manual on CD	2930.00
IR-01-DK050-BNDL	<b>Iridium 9555 Docking Station 50 w/Handset Kit</b> Rugged and secure locking restraint secures 9555 in cradle in any environment. Swivel Mount takes up a small footprint. Includes Enhanced Smart Dial, ASE Privacy Handset, Status Indicators, Simple installation, USB Data Connection. Includes Docking Station with ASE-MNT01 (Intelligent Handset, Swivel Ram Mount), USB interface, AC power cable with AC/DC transformer and wall plug, DC power cable for cig lighter, User Manual on CD	1718.00
IR-01-DK050	<b>Iridium 9555 Docking Station 50</b> Idem 50 without handset Pots-RJ11 Interface, USB interface, AC power cable with AC/DC transformer and wall plug, DC power cable for cig lighter, and User Manual on CD	1420.00
IR-01-AT162112B	Vehicle Magnetic Mount Antenna	320.00
IR-01-AT16215B	Vehicle Fixed Mount Antenna	320.00
